## DESCRIPTION

Dark-toned marble coming from quarries located in northern Italy, precisely in Val Brembana. The color of this very particular material can vary from different shades of grey, to black and brown/gold. The movements of these colors allow open stain constructions that compose splendid choreographies. Arabescato orobico is a marble which, due to its brilliance and lucidity, lends itself well to use in interior furnishings (floors, coverings, walls, bathroom tops, kitchen tops, stairs), but at the same time it is also useful for outdoor furniture. This material can be raw, sandblasted, sandblasted, brushed, only brushed (also called antiqued), brushed, striped and polished.

**Applications:** claddings, floor tiles, kitchen and bathroom vanity tops

**Finishing:** Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

**SCS:** Stone Care System highly recommended for a longer duration.
